

Statement on REACH – Substances of Very High Concern January 17th, 2022

Dear Customer,

The Poligof Group declares that none of the chemical substances listed in Annex XIV Candidate List of Substances of Very High Concern (SVHC), as updated on January 17th 2022, are intentionally added or known to be present in our products in quantities above the 0.1% threshold as stated in REACH (Article 59, Regulation No. 1907/2006).

To the best of our present knowledge of our products and processes and based on the information received from our raw material suppliers, these substances are not contained in our products. However, our products have not been tested for the presence of these substances.

This declaration is issued only with reference to products supplied in their original packaging, and does not cover any subsequent processing or converting.

Disclaimer

To the best of our knowledge, the information provided herein is accurate and reliable as of the date of publication; however we do not assume any liability whatsoever for the accuracy and completeness of such information.

This information concerns only Poligof products supplied in original packaging and does not cover any subsequent modification of their composition or usage. Because it is impossible to know in advance the conditions under which Poligof products are used, Poligof cannot relieve users of its products the responsibility to conduct their own tests to determine the safety and suitability of each product or combination thereof to their own purposes.

Poligof makes no warranties which extend beyond the description contained herein. Nothing herein shall constitute any warranty of merchantability or fitness for a particular purpose.

No liability can be accepted in respect of the use of Poligof products in conjunction with other materials. The information contained herein relates exclusively to Poligof products when not used in conjunction with any third party materials.
